As co-owner and ranch manager of Sunnybrook Ranch, I have bred, raised, started and sold many young horses. I have also purchased, marketed and shown many horses of various different breeds over the years. I have experience appraising most major breeds of horses and many of world class quality. I continually update my knowledge with education in Marketing, Conformation and Gait Analysis, Breed Standards, Law and Judging. I frequently attend breed auctions and other horse sales. I receive many current periodicals to keep informed on the current equine markets. I utilize the internet to obtain current information on all breeds of horses throughout the country. I am confident in saying that I am qualified to have performed this appraisal.
